Abstract	How To Format Flash Disk for WOP-2000T Series		
Keyword	Format, Flash Disk		
Related Product	WOP-2000T Series		

■ **Problem Description:**

While updating new firmware in WebOP, sometimes the new firmware may modify the file format its supports. Hence, while the file format in flash disk is old version, it will ask user to format disk to renew the file format.

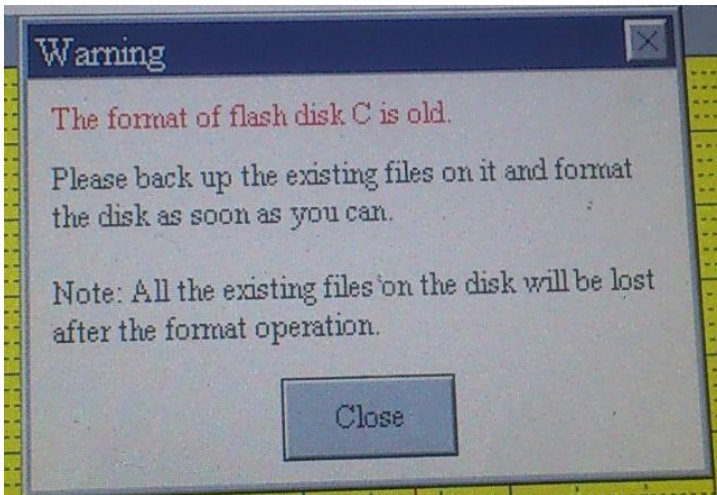

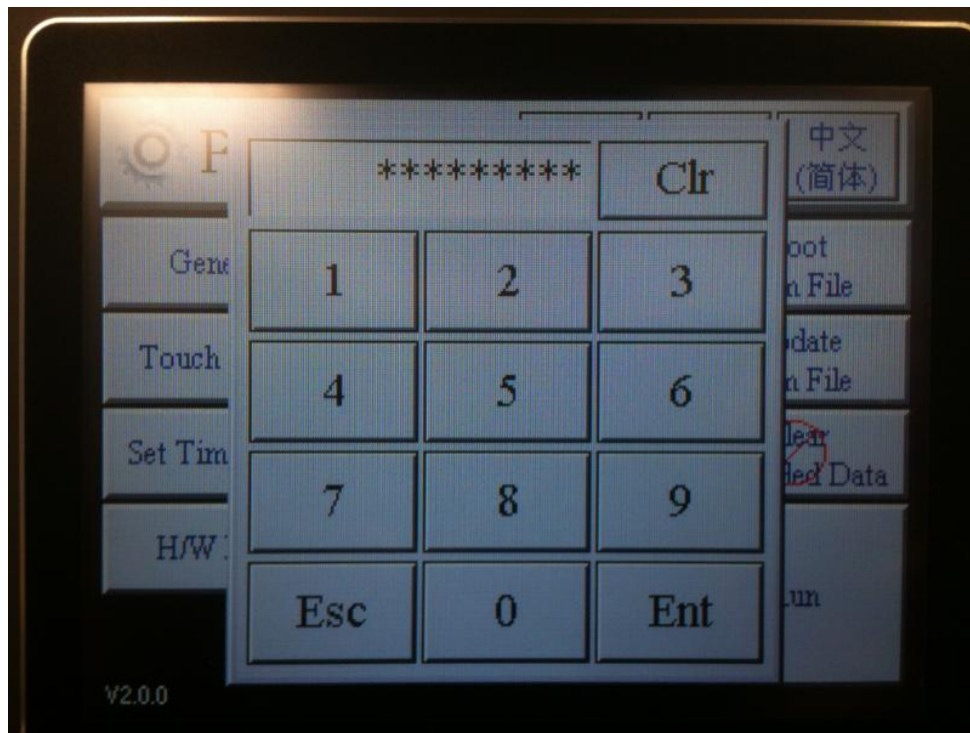

■ **Brief Solution - Step by Step:**

Procudure:

1. Enter the Panel Setup mode, and press the **"Format Disk C"**
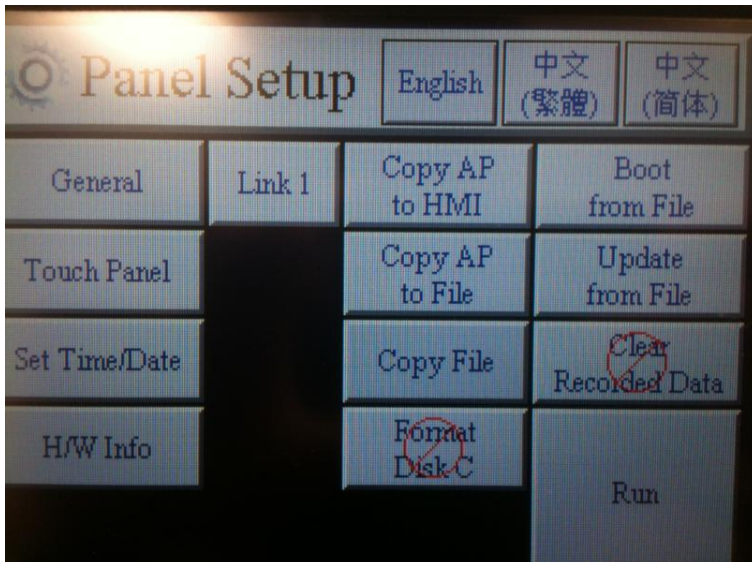

2. Enter the password (The default password is 9 digit of 0, **"000000000"**)

3. It will see a Confirmation information, and press **"Yes"**

4. Press **"Yes"** and it will start to format flash disk. After finishing the format, press **"RUN"** to execute application program.
