■ **Problem Description & Architecture:**

How to hide menu of Dashboard in the top and left
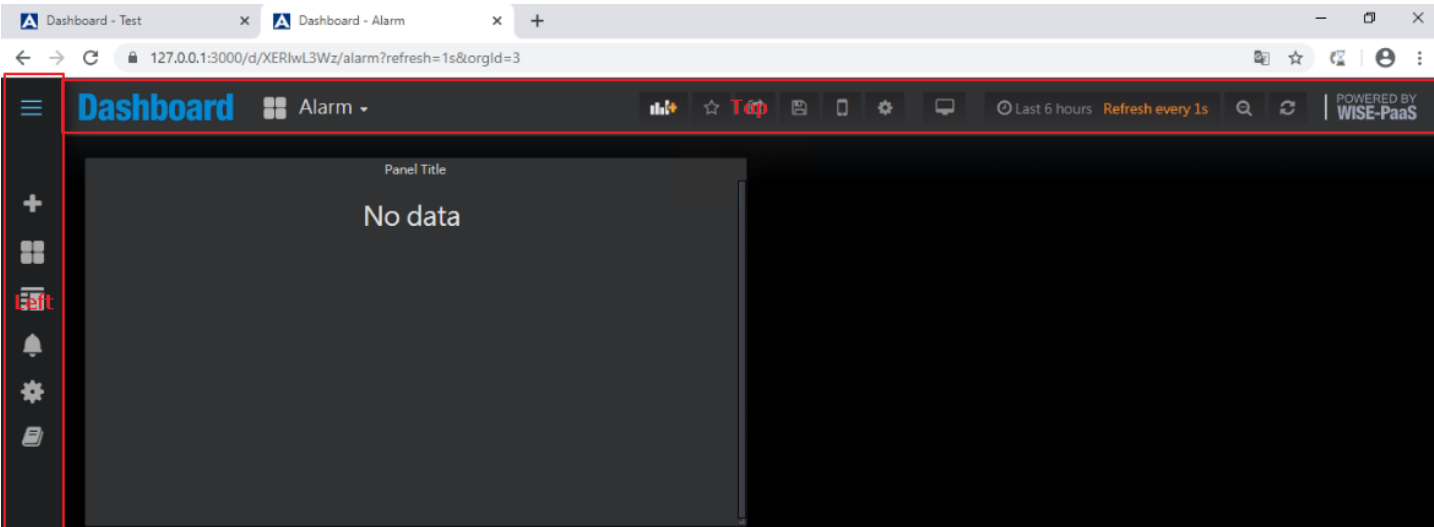

■ **Brief Solution - Step by Step:**
1. Choose this icon to remove menu in the left and top
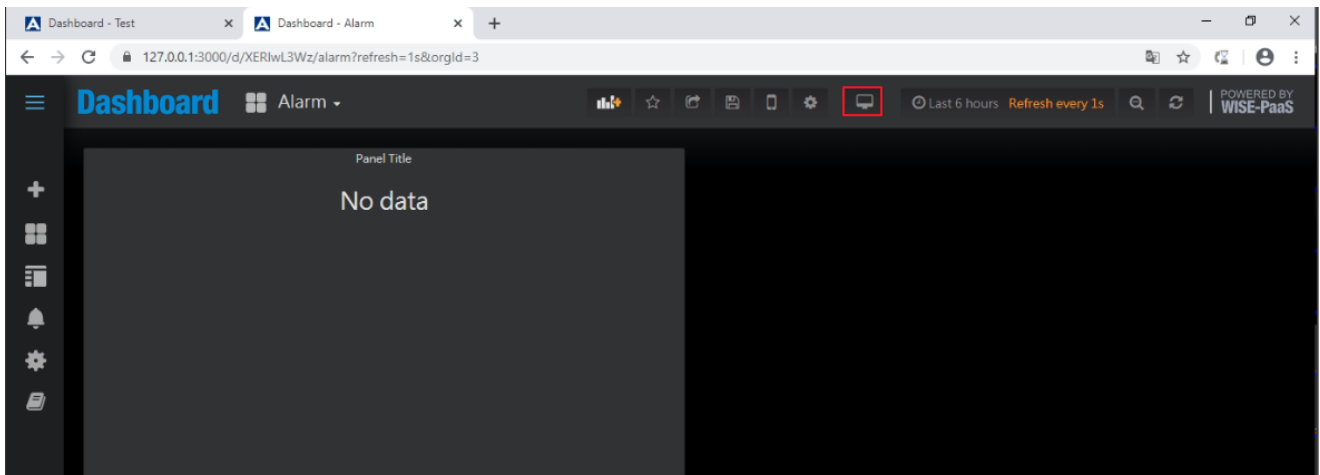

2. If you want to use link to remove menu in the left, please add &kiosk=tv in the end of

   link

3. If you want to remove menu in the left and top, please add &kiosk in the end of link

4. Dashboard doesn't have command to remove menu in the top only.
