# **FPM-817S**

## **17" SXGA Industrial Monitor with Resistive Touch Control, Direct VGA, DP Ports, and 304 Stainless Steel Front** Bezel

## **Features**

- 17" SXGA TFT LED LCD with 50K backlight lifetime
- Robust design with 304 stainless steel front bezel and anti-rust coated SPCC rear cover
- Wide operating temperature range (-20 ~ 60 °C/-4 ~ 140 °F)
- Increased reliability with enhanced 5-wire resistive touch sensor
- Anti-glare screen with tempered glass and IP66-certified front panel
- Direct VGA+DP video input interface
- OSD control pad with lockable function on rear panel
- Supports panel, VESA, wall, desktop, and stand mounting

## Introduction

The FPM-800S series are rugged industrial monitors that support a wide operating temperature range (-20 ~ 60 °C/-4 ~ 140 °F), making them suitable for diverse applications. The true-flat front panel is IP66 rated for protection from water and dust to ensure easy cleaning. With the provision of a 304 stainless steel front bezel, FPM-800S is especially suitable for operation in hazardous and strict hygiene environments.

Touchscreen
